Authenticator apps, such as Citrix SSO, Google Authenticator, and Microsoft Authenticator, generate random codes that you can use to sign in. They do not have access to your password or account information. Use the authenticator app of your choice to generate these codes.

Download Instructions

1. Visit the app store for your device.
2. Search for "Authenticator App."
3. Download and install the app of your choice.

 Scan QR or type the following code  
GGP3N5J5T3DLWF6H

 When you click finish all previously registered devices for this account will be removed. Please ensure you remove existing accounts from authenticator apps.

Finish and Sign In
